Re: In the Arena PAC
Committee ID: C00623512
Year End Report (11/29/2016 - 12/31/2016)

Dear Mr. Jones:

We are in receipt of your letter dated March 27, 2017 requesting additional information regarding the above referenced report. Your letter indicates four contributions that appear to be made after the date for the designated election.

With regard to this issue, the Committee offers the following:

The contributions in question were made by the Committee on October 22, 2016 (10/22/16) and recorded in the Committee's disbursement ledger. However, when the contributions were input into the spreadsheet in order to be imported into the Commission's filing software, the date field on the initial record was inadvertently transposed and then copied to the other three records as December 2, 2016 (12/02/16). Outside of this transposition error, the remaining information for the contributions was correct and met all Commission regulations regarding contributions to Candidate Committees.

In order to rectify the above, the Committee will be submitting an amended post-general report along with an amended year-end report reflecting the correct disbursement date.

The Committee acknowledges the need to be ever mindful of areas for improvement and has taken steps to ensure that no further issues occur in the future. The Committee does not believe this single input issue is reflective of the overall procedures that the Committee has in place to guarantee compliance with Commission regulations.

The Committee believes that this response fully addresses the issue presented in the Commission's request for additional information.

Sincerely,

Cale Turner, Treasurer
In the Arena PAC
